The worksheet contains five rows of tracing practice. Each row consists of a grey oval with a red dot on the left and a blue star on the right, connected by a dashed line. To the left of each oval is a yellow taxi, a blue boat, a pink helicopter, a blue train, and a green tram. To the right of each oval is another illustration of the same mode of transport: a yellow taxi, a blue boat, a pink helicopter, a blue train, and a green tram.
